# Freshmen

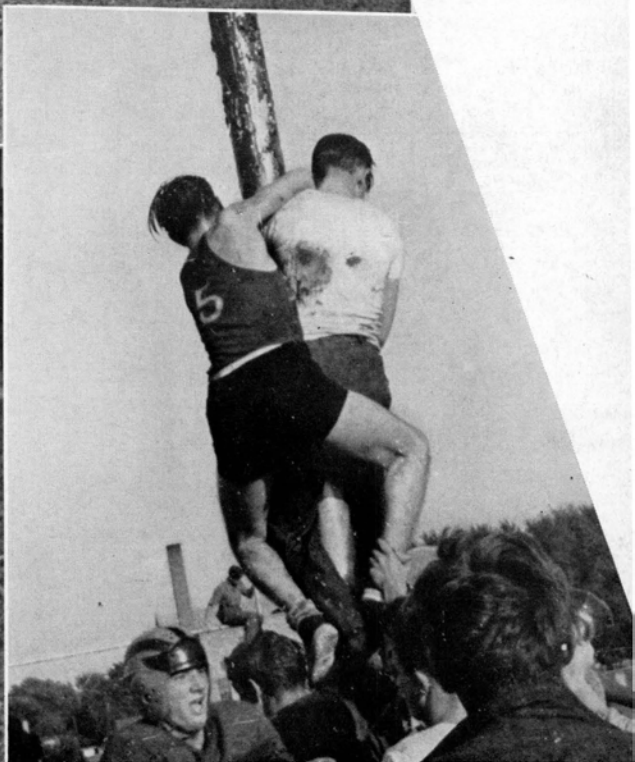

Freshmen, with the future theirs. Undoubtedly it seemed a rosy one after the annual Mixer in the Taft Gym and the Brother-Sister Bonfire at Community Park; a hilarious one after the Flag Rush by the freshman men and Hell Week for the freshman women; but a serious one, too, after the election of class officers and the pledging to the fraternities and sororities. Four years or five or more to become lawyers, pharmacists, engineers, nurses, or teachers. Dumb freshmen; perhaps, at first, but not always, for the future of O.N.U. rests in them, and well they know it.

# Athletics

Ohio Northern University has one of the finest physical education departments in the state. In addition to intercollegiate athletic contests, Northern offers training in coaching to both men and women who are entering the teaching profession. There are the "N" Association for men and the Women's Athletic Association for women. The "N" Association is an organization of men who have excelled in some sport, such as baseball, track, basketball, or football. This organization has done much for the welfare of the university. Women receive the "N" for a certain number of points earned by athletic participation in WAA. A letter in women's sports is considered the goal for which every girl aims. A sweater and a pin are also awarded for points.

## COACHING STAFF

Harris and Clyde Lamb are the coaches of the men's athletic teams. Harris is head coach of football and basketball. Clyde is athletic director, assistant football coach, track coach, and is an accomplished amateur photographer. They are both graduates of Coe College and Columbia University and have done much to develop a successful athletic department.

Miss Alva Tolf, known as "Tolfie" to her many friends and students, is head of the women's department of health and physical education. A graduate of Coe College, she received her master's degree from the University of Chicago. She also attended the University of Wisconsin and the University of Michigan for several summers.

## FOOTBALL

Northern started football this fall with twenty-six men reporting for first practice. Nine lettermen returned to form a nucleus and made "iron men" out of the Bears. With the least number of men in many years the Bears completed a moderately successful season.

**Northern 12 —Findlay 14.** On September 27 Ohio Northern opened its season against Findlay Oilers on their gridiron. The Bears played superior ball for three quarters, leading with a score of 12-0 and yardage of 181 to their 31. Findlay in the third quarter rallied to beat Northern for the first time in our relations.

**Northern 7 —Denison 0.** At Granville our "iron men" outfought and outplayed a favored Denison eleven for the first time in our athletic relations.

George Keel,  
Co-Captain

**Northern 0 —Wittenberg 13.** With many men suffering injuries the Bears journeyed to Springfield. Our passing registered 10 out of 15. Here again the Northern team showed a gallant fighting spirit. The Polars' attack was slower than usual which accounted for their loss.

**Northern 13 —Capital 7.** Homecoming! A crowd of 2,000 witnessed a thrilling contest. Northern **was** still behind with thirty seconds to play. The Bears uncorked their aerial barrage to complete a long pass which brought victory.

**Northern 53 —Ashland 0.** Rolling up the most impressive score in four years, Northern's Polar Bears trounced the weak Eagles for their third victory. The Bears totaled 446 yards and the Eagles 46. This was the third highest scoring game in the nation that day.

**Northern 7 —Muskingum 13.** At New Concord Northern encountered last year's champs in the toughest battle of the year. The Bears outfought and outplayed the favored Muskies holding them scoreless until the third quarter.

Harry Tissari,  
Co-Captain

**Northern 20 —Mt. Union 0.** Northern got back in the groove and continued with their powerful offensive attack by spanking the Mounts on our gridiron. Tricky plays kept the vaunted Mounts from scoring.

**Northern 23 —Heidelberg 2.** The Bears wound up a successful season by running roughshod over the Student Princes in Lima Stadium. Heidelberg led the conference until the team met the Bears powerful and razzle-dazzle team. Ten Northern gridders played their last game.

## BASKETBALL

The Northern court squad entered the season strongly fortified at all positions by the return of five lettermen who were instrumental in keeping last year's squad near the top of the conference. A combination of shiftiness, excellent ball handling and, above all, the Bears' superiority and will to win made the Bears one of the top ranking teams in the state. Out of fifteen games played the Bears won ten and lost five. Two of the losses were non-conference games. In the state Northern ranked third, and in the conference, second.

#### **Northern 42 —Heidelberg 32**

The Northern courtmen journeyed to Tiffin for their first conference tilt of the year. Amassing an impressive early lead, the Bears led throughout the first half. In the second half the Student Princes' scoring machine got to work, but the early lead was too much for them.

#### **Northern 37 —Capital 32**

Playing their first home tilt, the Northerners won a hard fought game from a stubborn Capital team. The first period was a close, hard-fought contest, the lead

changing three times, with the Bears ahead at the half.

#### **Northern 41—Bluffton 31**

At Bluffton the Bears added another victory to their list. Snappy plays off the backboard, superior speed and ball handling were typical of the entire team.

#### **Northern 52 —Denison 44**

Northern's next victory was at the expense of the strong Denison team. Excellent defense and swift passing were exhibited as the Bears broke up play after play in the visitors' territory.

First Row: Shaffer, Keel. Second Row: Mallone, Shoemaker, Halstead, Widner, Brown. Third Row: Coach H. Lamb, Hurley, Laless, Morrison, Thomas, King, Cotterman, Managers Jannotti and Amoroso.

### **Northern 72 —Muskingum 69**

In what probably was the most thrilling game of the season, the Polar Bears triumphed over a favored Muskie quintet. The Bears exhibited a powerful offensive attack to clinch their fifth victory.

### **Northern 52 —Wittenberg 48**

Traveling to Springfield, the Northern cagers annexed their sixth straight victory. Deadly shooting coupled with indomitable spirit put the bugaboo on the Lutherans to keep the Bears on the top of the conference.

### **Northern 28 —Findlay 30**

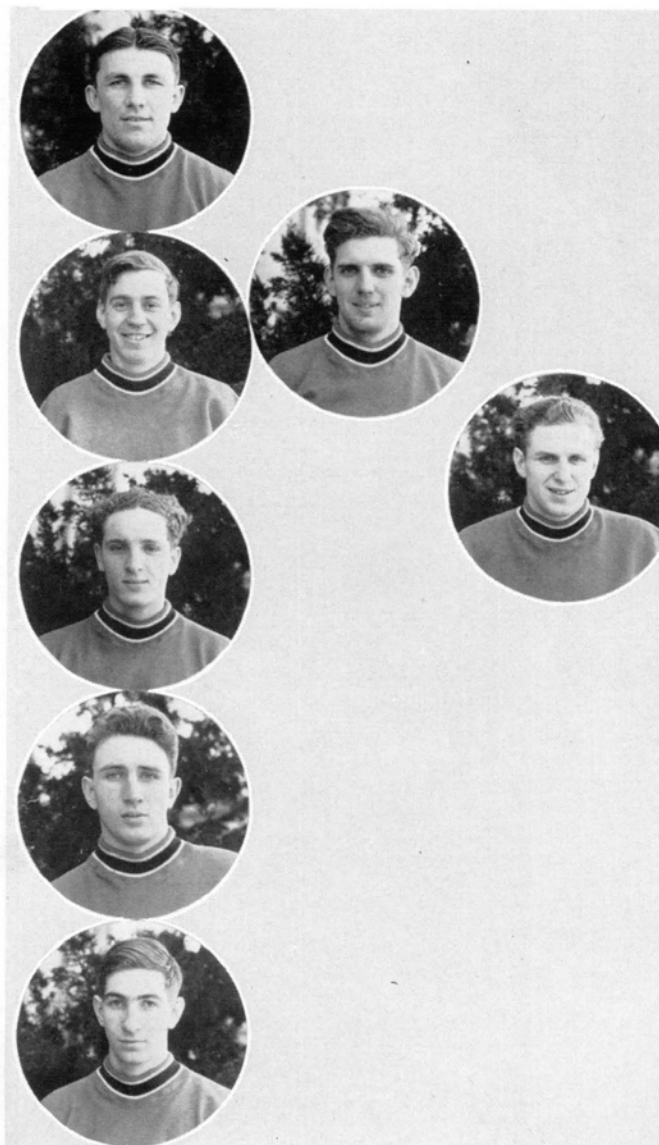

After ten days of rest the Lambmen met the Findlay Oilers on their court. Bad passing and poor ball handling spelled the first defeat for the Bears. Both teams played on even terms throughout the game, but in the last ninety seconds the Oilers sank two buckets to be the first to beat the Bears.

### **Northern 60 —Heidelberg 50**

The Polar Bears came back strong after their setback and ran roughshod over Heidelberg. Northern completely outplayed and outmaneuvered the Student Princes for the second time this season.

### **Northern 68 —Bluffton 30**

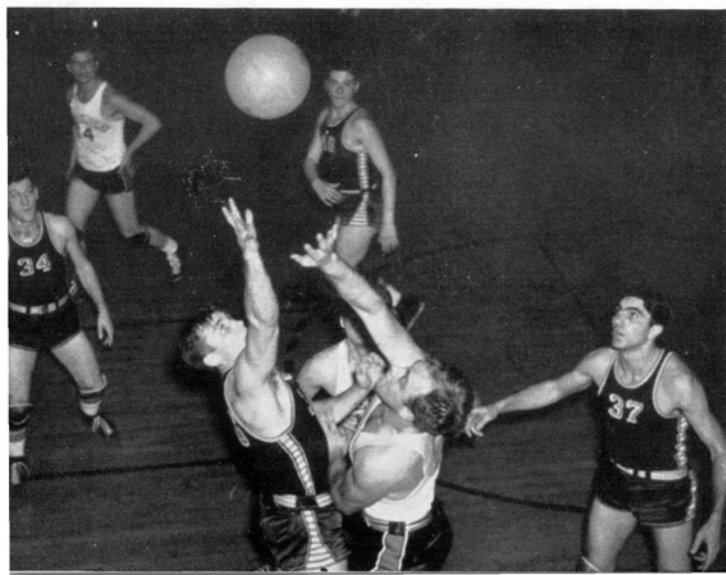

Disposing of the Bluffton quintet, Northern gained its eighth win in nine starts. The Beavers proved no match for the Bears.

#### **Northern 42 —Ashland 39**

Ashland gave Northern its ninth win of the season. The score was tied three times, but the Bears were never behind.

#### **Northern 51 —Capital 50**

Capital's last place team tossed a scare into the second place Northern when the squads met in Columbus. The lead changed three times in the thrill-packed tussle. The Bears were a scrappy bunch and matched the Lutherans basket for basket.

#### **Northern 33 —Findlay 37**

The Findlay Oilers again proved to be the one big thorn in the side of the Polar Bears as they outplayed the Bears for the second time this season. Northern started nicely, but the Oilers hit a lucky streak, finally overcoming the Bears.

#### **Northern 37 —Wilmington 48**

In a non-conference game the Bears again met defeat at Wilmington. At the half Northern had the lead. Then the tide changed and Wilmington took the lead to finish ahead.

#### **Northern 44 —Ashland 46**

At Ashland, a determined home team edged out Northern in the last few minutes of the game. The Bears were off to a good start but the breaks failed to fall their way.

#### **Northern 35 —Denison 40**

Northern's record was marred as the Bears met their fourth defeat at Granville. Behind at the half, Northern tried valiantly to close the gap, but was unable to overcome the impressive Big Red lead.

## TRACK

Ohio Northern's thin clads showed up well during the 1940 season. Five times the Bears participated in triangular meets, winning three and placing a close third place in the other two. At a triangular meet held on the local track, Northern took eight first places and six second places to win easily over Wilmington and Bluffton. Bad weather and the loss of two key men at Capital and Otterbein spelled defeat for the Bears. At the Northwestern Ohio College Invitational meet held at Bowling Green, Findlay edged out Northern's thin clads in the field events to place third and the Bears fourth out of six competing teams. Eight meets will make the '41 season the largest in many years. As compared to last year, Northern has improved considerably both in the number and quality of men. The '41 thin clads will again uphold the university athletic traditions and probably surpass last year's record.

## TENNIS

Answering to the call for tennis players, two of the previous year's men and many freshmen reported to represent Ohio Northern. It seemed that the '40 season was hindered with rain and more rain. Practice was handicapped and two matches were called off because of this fact. On May 1, the Bears opened their season with a loss to Wittenberg. Both Capital and Wilmington edged out Northern by scores of 4-3. A decided improvement was shown over the Bears as they rolled over Capital in a return match. This year, the Bears' veteran team will be back with Harry Yasgoor, Ralph Lindstrom, Clay Folsom, Bob Capps and Fred Mayhew.

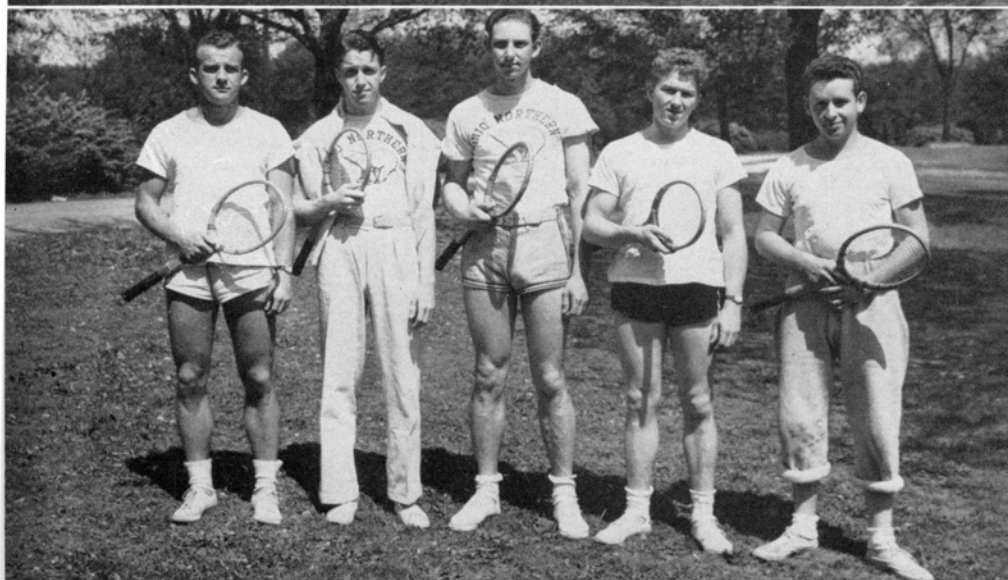

## FENCING

For the first time in twelve years, the Northern foilsmen were unable to schedule any suitable matches. Overlooking this handicap, the foilsmen continued to practice and engage other teams just for experience. It was only a matter of time before they were complete masters in foil, and could easily hold their own in epee and saber. Next year Ohio Northern will be well-represented in this sport, as a great deal can be expected of them. Next year's varsity will be selected from the following men: Healey, Feigert, Goldenberg, Jolley, Donnelly, Hoffman, Jones, Whittles and Muhleman.

## FOOTBALL

Twenty-five promising players have been working out on the freshman team this year in preparation for varsity participation. According to Coach Harris Lamb they have shown outstanding ability and with their help will make the varsity squad one of the best that Northern has produced. One characteristic point about the team is that the members are all imbued with the true Northern spirit.

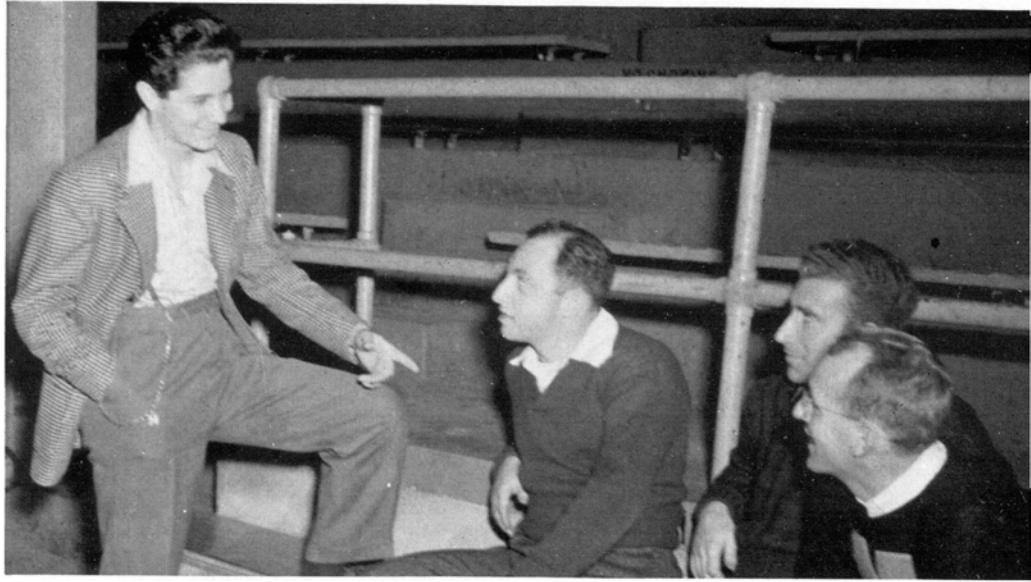

## NUMERAL MEN

To honor freshman athletes the athletic department awards numerals to those who have shown themselves to be outstanding. They have done excellent work in football, basketball or track during their first year of college athletics and will be working toward the goal of greater success. These freshmen numeral men today are the "N" men of tomorrow.

## BASKETBALL

Basketball players have seen action in games with teams from Lima and Kenton. The games were all victories for the Northern court-men. The Review classed this team as the best freshman squad this university has ever seen. These men can be counted on to continue their record on the varsity team in the future.

# *Intramural Athletics*

DeFabio, Manager.  
Hagle, Silvers, Payne,  
assistants.

Considered the most popular extra-curricular activity for men on the campus are the intramural sports. Every fraternity participates in thirteen to fourteen different athletic events that take place each year. Points are given to the winners and ranking teams in the league. For each sport a trophy is awarded, and an All-Sports trophy and a runner-up trophy go to the fraternities which aggregate the most points that year.

Under the guidance of Clyde Lamb and a selected intramural manager who sees that the activities are properly executed, a complete program is offered so that non-fraternity men as well as fraternity men have a chance to take part in the events. An average of 500 men participate yearly.

# Women's Athletics

Northern's Women's Athletic Association is composed of campus women who are interested or participate in sports. Besides the major offices of president, vice president, secretary and treasurer, there is a board composed of the managers of the various sports. These two groups meet monthly to plan WAA activities. The WAA program this year has included a potluck for the freshman women, the annual high school Play Day, Football Dance, interpretative dance, "Ava Maria," at the Christmas Chapel, WAA winter party, Minor Sports' Night and the Award Banquet.

Archery is a fall and spring sport. As always there was great interest in developing skill in this ancient art. Field hockey is one of the best of the active sports. Rain or shine the teams can be seen racing down the field. Tennis is also a fall and spring sport. Hiking was promoted by Hare and Hound chases over Hardin county. Bowling and cycling were added to the ever-growing list of sports. Basketball was in the sport spotlight during the winter. This game provides one of the best opportunities to show action, sportsmanship and teamwork. Fencing is not to be forgotten as one of the more popular activities. Increased interest in the foil and mask is being shown. Dancing included tap, square, folk and rhythms. The value of dancing is the development of poise, grace, and coordination.

# Sophomores

The days for the green and shy freshmen were over for the second year students, commonly called sophomores.

They first showed their ability by holding back the freshman oncomers in the annual Chapel Rush. The next great achievement was accomplished when they succeeded in applying so much grease to the flag pole that even they themselves could not maintain a hold. So again the strength of the sophomore men made it possible to keep the flag waving for the class of 1943. Many of the men began to show their value and worth in athletics, while the women assumed the greater responsibilities of upperclass women.

# Fraternities

The fraternities on the campus are regulated by the Pan-Hellenic Council for women and the Interfraternity Council for men. These organizations are composed of representatives from each fraternity and their advisers, the dean of women and the dean of men, respectively.

The purpose of these interfraternal groups is to discuss the activities of the campus and to cooperate with the university. The Pan-Hellenic Council sets rules for rushing and pledging to be followed by the fraternities for women. One of its major aims is the promotion of higher scholarship among women students. The Interfraternity Council sponsors the annual football banquet in honor of varsity players, the interfraternity scholarship award, and the Interfraternity Ball. It conducts the Freshman Week activities for men and the Homecoming activities.

# *Juniors*

The freshmen have a year of welcome and of becoming oriented to life at Ohio Northern; the seniors have a year of farewell and of crowding to the brim the last days of their college careers; the sophomores and the juniors have no such distinguishing activities. The freshmen have the excitement of entering college; the seniors have the excitement of leaving it; while the other two groups complacently enjoy campus life. The juniors this year distinguished themselves in all phases of activity, scholarship, music, dramatics, athletics, clubs and other organizations.

# Organizations

With many and varied activities at Northern, everyone easily finds opportunity to follow his interests. Music . . . debate . . . dramatics . . . publications . . . clubs of different types. There are clubs for certain groups, such as those for engineers, for lawyers, for commerce students. There are clubs with general memberships, such as the Y's. For those students who distinguish themselves in certain fields there are honorary fraternities.

## A CAPPELLA CHOIR

This year the choir, under the direction of Professor Haydn Owens, was heard in three local concerts. In addition to presenting the annual spring concert, the choir cooperated with the Ada Choral Society to give "The Messiah" at Christmas and "The Holy City" at Easter.

Within the organization are a trio and a quartet. The trio is composed of Ione Clark, Ann Drittell and June Person. James Eddy, Randall Oller, Robert Carey and Paul Huber are the quartet members. Accompanists are Antoinette Purpus and Mabel Jane Casper, respectively.

# AWS

The Association of Women Students, women's governing body, was founded in 1929 by Dean Audrey K. Wilder. Upon entering the university each woman automatically becomes a member. Within the association are four boards in which are vested the governing powers: executive, legislative, house council and freshman advisory.

The legislative board is composed of the four AWS officers, the presidents of YWCA, WAA and Pan-Hellenic Council, a representative from each of the four classes. This group meets to help plan and regulate activities of the women's organizations and to determine general policies.

House Council members are the presidents of the organized houses and of the various scattered groups. This group carries out the work outlined by the other groups and aids in the correlation and cooperation between houses.

Freshman Advisers are appointed by the Dean of Women to aid in house organization and in making personal adjustments.

## EXECUTIVE BOARD

**Seated:** June Person, Vice Pres.; Margaret Mathews, Pres. **Standing:** Antoinette Purpus, Sec.; Gladys Ruger, Treas.

One representative from each engineering society on the campus and the heads of the departments of engineering compose the Engineers' Executive Committee. This group functions throughout the year on all matters concerning the college in order that effectiveness may be increased and that close cooperation may be secured among the various departments.

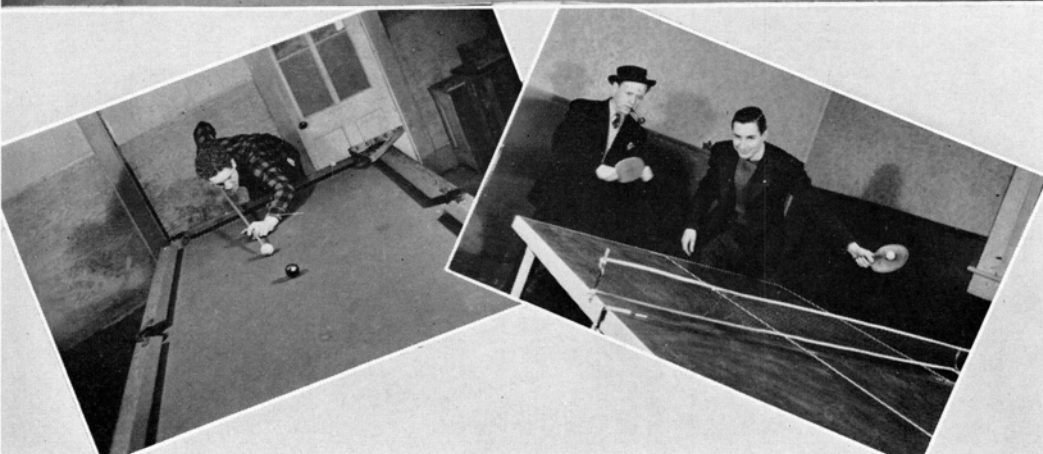

Since its main purpose is to promote a greater interest in the science of engineering, the committee arranges and conducts the annual Engineers' Week. The meetings are held during the week of George Washington's birthday in honor of the father of modern engineering.

## Y M C A

Among the YM activities this year were a ping pong tournament in the fall, several dances, Christmas party for the Ada nursery given with the YW, various joint meetings with the YW. In October the Northern Y's were hosts to the Findlay College Y's. The YM house provides living quarters managed on a cooperative basis and a recreation center. # OMEGA PHI KAPPA

Omega Phi Kappa is the name given to the world fellowship department of YWCA. The group holds monthly Sunday afternoon teas, with speakers and various types of programs. This year two of the main projects were aiding the Ada WPA Nursery School and doing Red Crosswork. The group presented two programs at YW meetings.

A financial contribution is made every year to the sister college in India. Each member has a "Mystery Mother," who shows her interest in her daughter in various ways and whose identity is revealed at the May Party. The "Mothers" are women of the local churches who support and sponsor Omega Phi Kappa.

In its second year on the campus, the Commerce Club is a rapidly growing organization. The purpose of the club is twofold: to help familiarize students with the business world and to help them make contacts with potential employers. That this purpose be accomplished the club holds weekly dinner meetings with prominent business men as speakers. Among those heard this year were efficiency experts, bankers, manufacturers, salesmen and investment brokers.

Those who served as president the past year were Anthony Alaimo, Erie Thompson and Alfred Ponessa. Professor G. W. Patton and Miss Elizabeth Lewis are advisers.

## MINISTERIAL CLUB

Although this club has been somewhat active in previous years, this year is the first that it has been completely organized. Meetings are held every Friday following dinner at the Terrace. The after-dinner speech is usually given by a guest speaker. Guest speakers this year included Dr. Williams, Clyde Lamb, several of the local ministers.

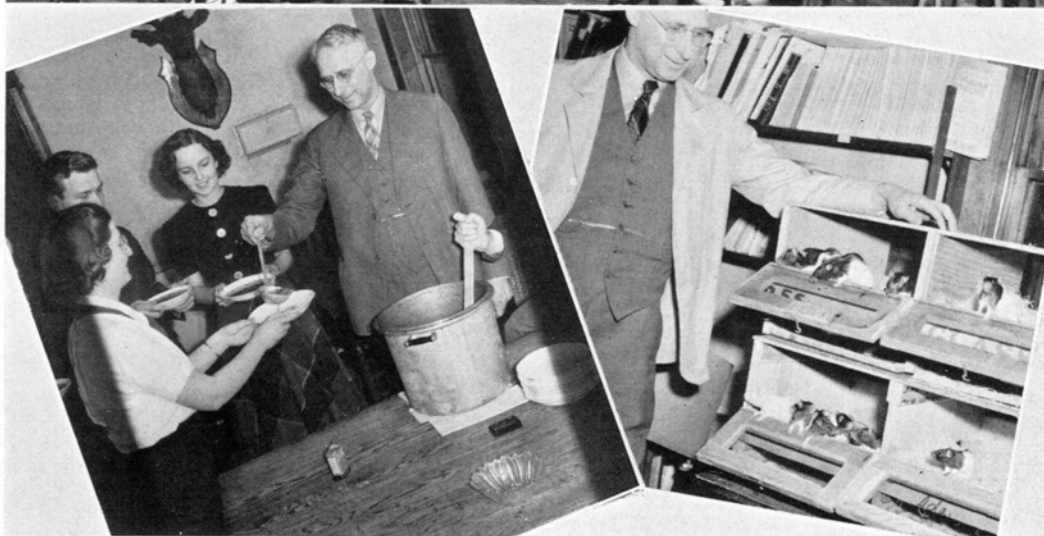

This organization not only offers good fellowship, but also practice in public speaking, as every member must address the group. Officers were Joy Williamson, chairman; Melvin Wentz, vice chairman; Walter White, secretary-treasurer. Dean Potter is faculty adviser.

## ONUPA

The Ohio Northern Pharmaceutical Association, established in 1905, is an organization open to all members of the College of Pharmacy. Its purpose is the fostering of pharmaceutical education among those who intend to enter the profession.

The best known activity is the annual open house, followed by the banquet, usually held in the latter part of April. In connection with this meeting, refresher courses are offered as a means of keeping those persons already in practice informed of the newer discoveries in the field of pharmacy. The two permanent officers are Dean R. H. Raabe, president, and Professor M. L. Neuroth, secretary-treasurer.

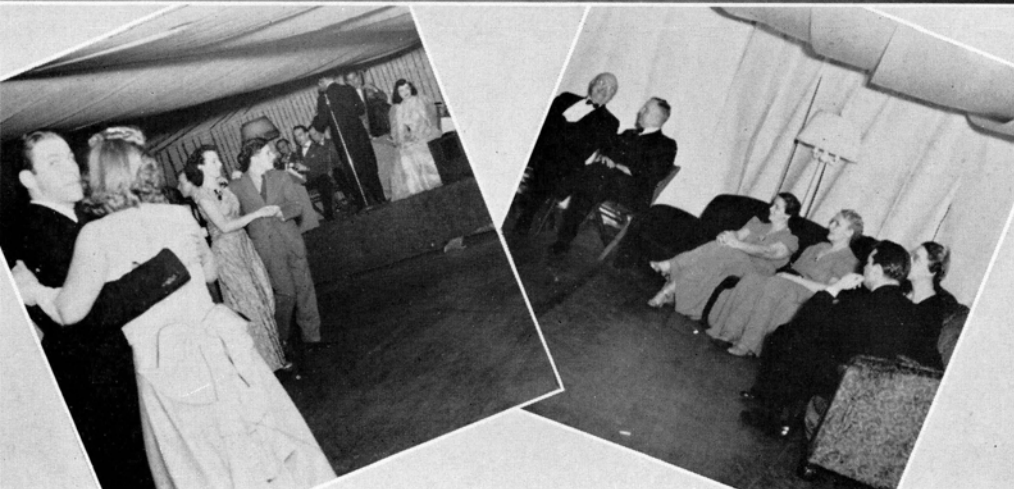

## JUNIOR BAR

The Junior Bar Association is composed of all students registered in the College of Law. The objectives of the organization are to promote fellowship and to further the legal knowledge of each student. The annual Barristers' Ball is sponsored by this group. Another social function this year was the Lawyer-Pharmic Dance, given jointly by the law and pharmacy colleges. The lawyers won the annual baseball game between the two colleges.

## TOASTMASTERS

Toastmasters is a lawyers' club through which the members seek to develop self-confidence and poise in public speaking. Practice is given in making both prepared and extemporaneous speeches. One member prepares a speech for each meeting. A round table discussion follows, during which members may contribute to the meeting or be called upon to speak extemporaneously. Frank Cunningham was chairman the fall quarter and Tom Runyan, the winter quarter.

# LES AVOCATS

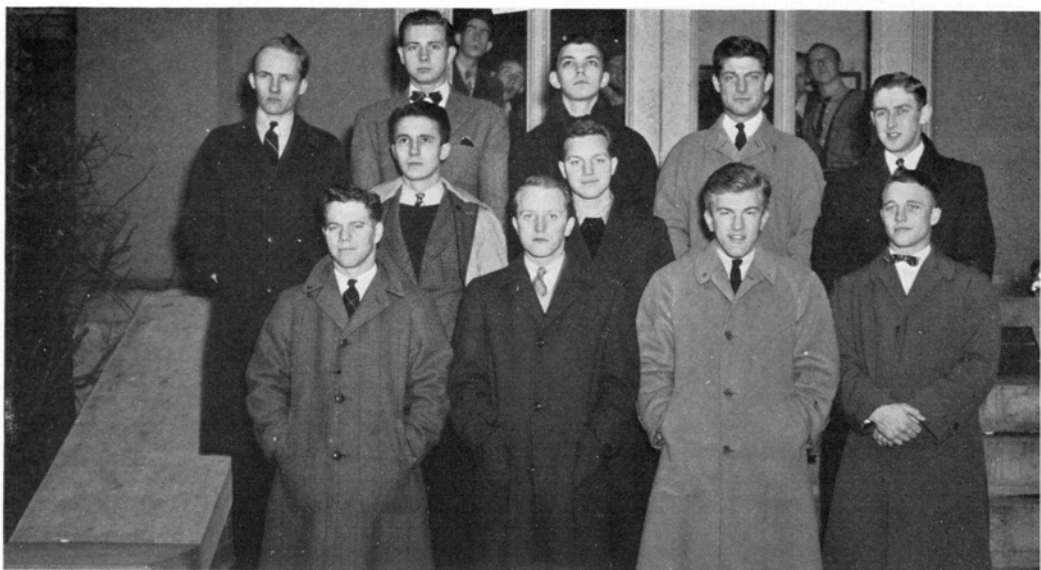

Les Avocats is a relatively new lawyers' organization, having been founded in 1939. Its purposes are the development of good speaking qualities and the enrichment of knowledge. Certain requirements must be met before a person is eligible for membership. At each meeting a few of the members are responsible for the lectures of the evening. These lectures may be on any current question that involves legal considerations. At the close of each address there is a round table discussion on the question and criticisms are offered to the speaker. William Guyton was president this year and Richard Sauer, secretary-treasurer.

**First row:** Harrington, Blackburn, O'Brien, McCoy, Crawmer.

## ONESA

In 1935, a group of engineers realizing the great need for speaking finesse in the profession, organized the Ohio Northern Engineers' Speakers Association. The club, composed of fifteen selected members, holds dinner meetings every Thursday evening.

An appointed temporary toastmaster introduces the two speakers of the evening, calls on some one for an extemporaneous speech, and leads the group in the criticisms of the speakers and the toastmaster. A permanent toastmaster is elected every quarter to serve as general chairman for the group. The toastmasters for the past year were Forrest Gard, Merlin Scharer, Harold Wyatt.

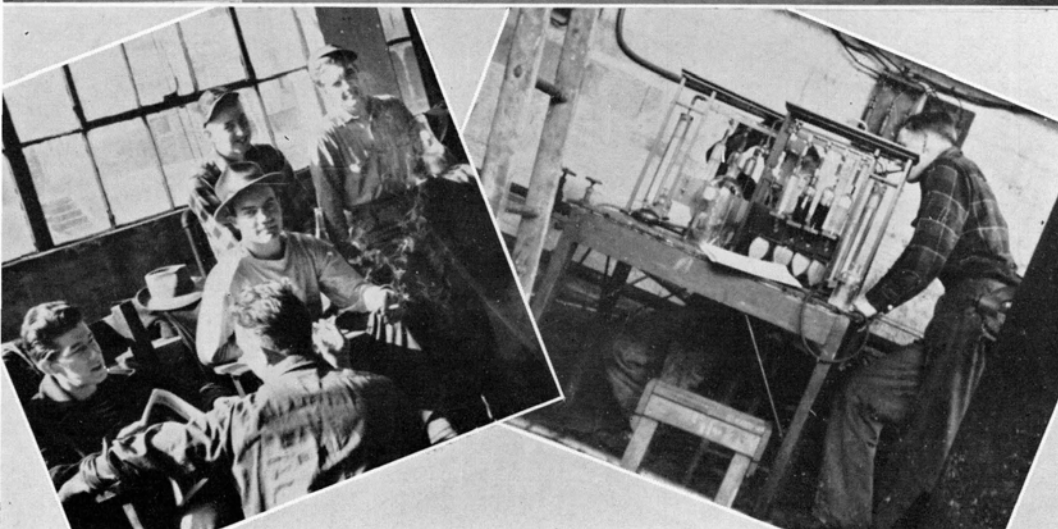

# ASME

The Ohio Northern Student Branch of the American Society of Mechanical Engineers is composed of all mechanical engineering students. At biweekly meetings student speakers and prominent engineers present papers and lectures.

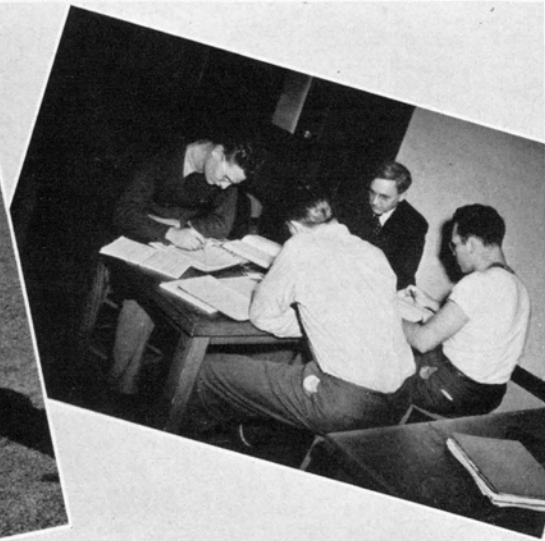

Prizes are given each year to the best student speakers, and one of these students presents his paper at the Allegheny Regional Conference. Last year a Northern student won first place. Following the convention at Pittsburgh in May, the delegates made an inspection tour to New York.

## ASCE

In order to discuss the activities relative to civil engineering, the Ohio Northern Student Chapter of the American Society of Civil Engineers meets bimonthly. The society is open to all students enrolled in this department.

During the past year the club visited Springfield, Ohio, McGuffey and Cincinnati on inspection trips to various engineering projects. When representatives attended a conference at Pittsburgh, they were afforded an opportunity to inspect the Pennsylvania Turnpike.

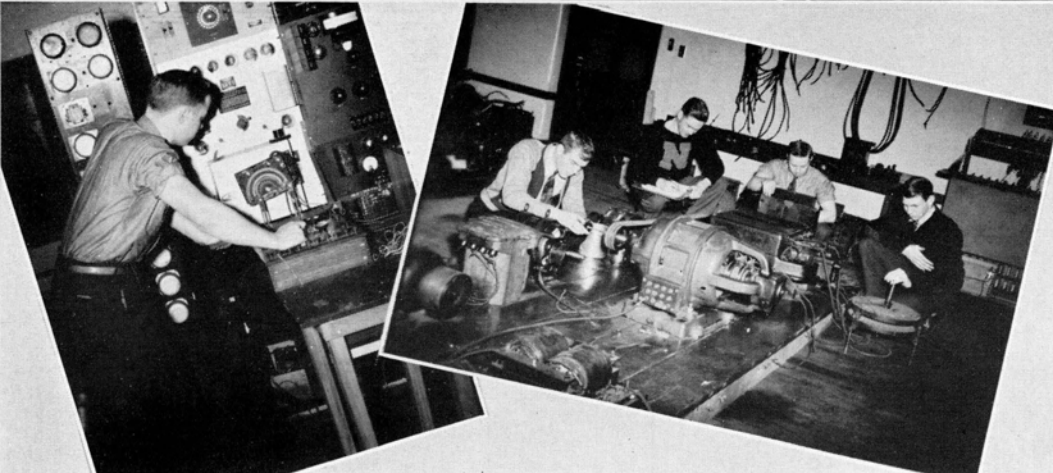

## AIEE

The local chapter of the American Institute of Electrical Engineers meets semi-monthly. Student members present talks and papers on subjects concerning this field of engineering. All students enrolled in the electrical department of engineering are eligible for membership.

Several noted professional engineers visited the organization this year. Two inspection tours were conducted during the past year. The group went to Springfield, Ohio, to visit an electric motor factory and a large publishing company. On the other trip to Cleveland, an experimental illumination laboratory and other points of interest were visited.

## ALPHA PHI GAMMA

Alpha Phi Gamma was founded on the campus of Ohio Northern university in 1919. Since then it has become a national organization, with chapters in colleges and universities throughout the country. It is the only honorary coeducational journalism fraternity in existence. Membership is awarded for meritorious work on the staff of any student publication. For a Northern student to be eligible, he must have held a minor position on the staff of the Review or of the Northern for six quarters, or a major post for four quarters. Officers for the year were Esther Booher, president; Jack Birnbaum, vice president; and John Spon, secretary-treasurer. Lawrence Freeman is faculty adviser for the organization.

## KAPPA KAPPA PSI

Kappa Kappa Psi is a national honorary band fraternity, founded to promote the best interests of college bandmen, to encourage a better type of band music within institutions of higher learning, and to honor outstanding bandmen by privilege of membership in order to make their services to the college band more effective. Admission to the fraternity is by election. Sigma chapter was instituted at Ohio Northern in 1927.

Faculty members include Dean J. A. Potter, Dr. T. J. Smull and Professor H. G. Davidson. Officers were Willard Floyd, president; Wesley Sowards, vice president; Randall Oller, secretary; Charles Huston, treasurer; and Paul Huber, editor. The roster lists ten brothers and nine pledges.

Nu Theta Kappa is a local honorary fraternity for engineers. It was organized in 1914. The society attempts to raise the scholarship standards of the students enrolled in the College of Engineering. Among the qualifications for membership is a high point average.

Meetings are held once each quarter. At the final meeting the new members are initiated and the new officers installed for the coming year.

Officers for the past year were Merlin Scharer, president; Harry Myers, vice president; Joseph Clark, secretary; Robert Lyman, treasurer. The four faculty members serve as advisers.

## SIGMA KAPPA PI

The Sigma Kappa Pi honorary fraternity was founded in 1930. Although it was originally organized by and for honor students in French, it has been extended until it now includes all three of the language divisions: French, Spanish and German. The society is open to superior students in these language fields. Since the requirements have been so high, the fraternity has remained purely honorary, and has been inactive on the campus. According to Dr. Herrick, faculty adviser, the membership will be increased this spring, providing for a larger and more active group.

**Seated, left to right:** Moore, Dr. Herrick, Mertz. **Standing:** Jacobs, Weaver, Stacy. **Not in picture:** Ernsberger.

## THETA ALPHA PHI

**Left to right:** Townsend, Arbogast, Crawmer, Moore, Forsythe. **Not in picture:** Bianco.

Theta Alpha Phi is a national honorary dramatic fraternity. Its main aim is to bestow honor among those who distinguish themselves in college dramatics.

To gain membership in the organization, it is necessary for one to have acted three major roles or their equivalents and to be a junior in the university.

When the membership is large enough, the club presents an annual play. Because of high standards and the expense entailed in a national fraternity, the number of members is usually small.

Curtis Crawmer was the president the past year. Major Cliffe Deming is a faculty member and adviser.

## WHO'S WHO

"Who's Who Among Students in American Colleges and Universities" contains the names of outstanding students on campuses of the United States. The book was first published in 1933 to create a national basis of recognition for students in an organization devoid of politics, initiation fees and dues. The students are chosen by the faculty of the immediate college and are selected on the basis of character, leadership, scholarship and potentialities of future usefulness to business and society.

The number eligible each year is determined by the number of students enrolled in the entire college or university. The quota for Ohio Northern usually averages eleven. After a student has once been selected, he is listed in the book each year until after his graduation.

**Seated:** Show, Sowards, Lyman, White, Mathews. **Standing:** Moore, Armstrong, Birnbaum, Bischoff. **Not in picture:** Ernsberger, Petach, Pritchard, Keel, Alaimo, Fair, Tissari.

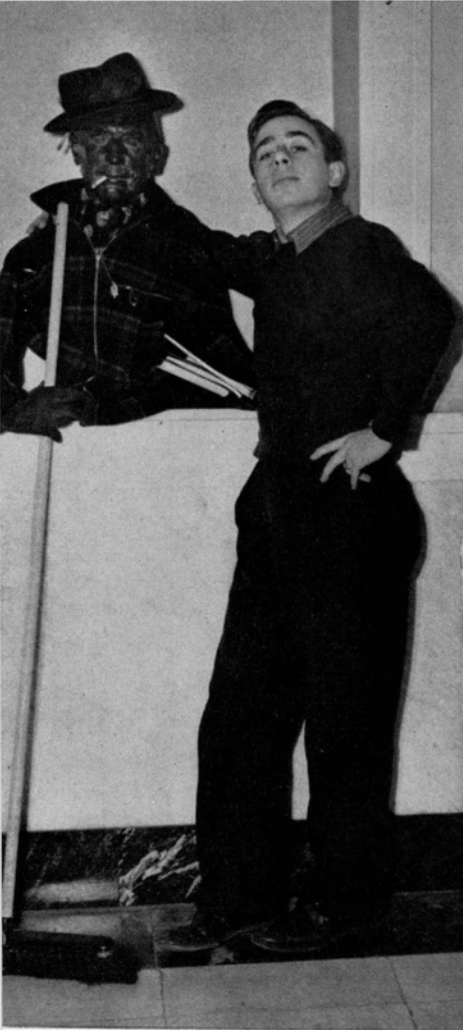

# Features

"Life is so full of a number of things, I'm sure we should all be happy as kings," to quote the poet Stevenson.

He might as well have said, "Life at Northern," et cetera.

In addition to athletics, fraternities, organizations (and studies), which are easily classified, there is the Northern spirit of friendliness in the informal association of all groups and individuals in work and play. This atmosphere is what makes ONU so dear to its students year in and year out. This spirit cannot be shown but in glimpses of campus life, it is evident.

## AS NORTHERN GROWS . . .

Northern builds . . . In September, Phi Mu Delta presented its new quarters on Main Street facing Hill. In January, Dean McElroy opened the Terrace, the university restaurant, furnished in early American style. Dean moved from the basement of Brown, which was immediately occupied by the rapidly expanding industrial arts department. This two-year old department, shifting from Hill, thus had more room for equipment and classes. The Terrace dormitory for sixteen girls was completed in the spring.

They are found working in offices, factories, stores, private homes; as waiters, clerks, newspaper reporters, nursemaids, as NYA workers with duties in the library, in offices, on campus.

# Seniors

After four years, or more for the lawyers, another crop of Northern men and women are ready to don caps and gowns in preparation for receiving sheepskins and handshakes. Women are honored by the various organizations and classes with the annual Senior Week activities.

These include a YW program, WAA wiener roast, faculty women's tea, sophomore bridge tea, dean of women's breakfast, sorority parties, AWS candlelighting ceremony in charge of the juniors. The freshmen did their part by distributing May baskets.

## IN APPRECIATION

The production of an annual is a task which requires the cooperation of many people. The staffs, advisers, engravers, printers, photographers, faculty and student body have worked together to create this Northern.

With the exception of the studio pictures and a few others, all the pictures were taken by Clyde Lamb and a staff of student photographers. We appreciate the willingness of students to lend snapshots, and express especial thanks to James Goodell, to whom all the pictures in the campus view section belong, to James Eden and Homer Lebold.

The guidance and aid of the advisers, Lawrence Freeman and Z. LaVerne Daring, were invaluable. To the faculty members, the staff would like to express appreciation for their cooperation in excusing students from classes to have pictures taken and for their willingness to help in every possible way.

Others whose assistance is greatly appreciated are Gail Fitzsimmons, Russell Benson and F. N. Ropkey, Indianapolis Engraving Company; Paul Young and W. S. Nusbaum, Gray Printing Company; Mr. and Mrs. Frederick, Paezler Studio; Robert Wilson, Kingsport Press.

## INDECO GUIDES TO BETTER ANNUALS

Since the turn of the century the Indianapolis Engraving Company, Inc., has maintained the highest standards of quality and intelligent cooperation, thus accounting for the continuous use of our service by many high schools, colleges and universities.

Indeco quality is the finest that modern equipment and skilled craftsmen can produce. Every engraving is unconditionally guaranteed to be a perfect printing plate and to give a faithful reproduction of your engraving copy.

Our service includes help in planning and designing, suggestions on how to get the best pictorial effects, assistance in preparation of engraving copy, and solving the many problems arising in making your book both an editorial and financial success.

The latest ideas in yearbook construction are offered to make the annual best meet the requirements of your particular school. Our "Service Manual" is a complete guide for the staff in their work.

Indeco planned yearbooks have long been recognized as being among the outstanding annuals of the country. You will be agreeably surprised, too, at the purchasing power of your budget. Write us asking for a complete explanation of the Indeco plan.
